**MERE PARISH COUNCIL**

The Parish Council meets every month. Whilst it is not a public meeting, members of the public are welcome to come and listen. Council members are working on YOUR behalf to sustain and improve the quality of life and the environment that we enjoy in the parish - come and hear what they are doing for you! You can raise questions in a public session before the meeting starts. The next meeting will be on **Monday, 3rd March 2014** at 7.30pm in the Andy Young Pavilion.

### **The Chairman writes:**

As we spring forward into March, let us hope that the appalling weather will simultaneously recede.

Maverick Industries, the company building our new skate park are not deterred and work commenced last week on what should be a nine week project.

I am always gratified to see our PCSO Peter Tscherniawsky so much around the town and often in the library. Unfortunately, there has been some level of crime recently but I am sure with diligence and awareness, we could all do our "bit" to help the police.

I attended the area board meeting on 5th February which, as usual, had its mix of lively debate and information. In attendance were Jane Scott, the Leader of Wiltshire Council and Angus Macpherson, the Wiltshire Police & Crime Commissioner.

Where it is always useful to listen to what they have to say, the underlying message is, unfortunately, the pressure on them to achieve what they would like to, with the restraints of financial cut backs. Their enthusiasm and commitment however, seem undeterred.

I was pleased to see a good turn out for the open meeting to discuss the future of the Mere Carnival, and I feel positive that the carnival will be able to continue. Many thanks to all who have offered their time for this long standing annual event.

For information on Parish Council activities; details of meetings and copies of minutes, please view the Mere website: [www.merewilts.org](http://www.merewilts.org); or contact the parish clerk, Mrs Lindsey Wood: ✉: [lindseywood@merewilts.org](mailto:lindseywood@merewilts.org) or: ☎ 01747 860701.

## **GEORGE JEANS, WILTSHIRE COUNCILLOR, WRITES**

The Post Office has now decided to allow Royal Mail to close the mailroom in Mere. Mail has been sorted in Mere since the 18th century at Waltons. It will be the passing of an era, and it is not a positive for the Mere area.

I was pleased to hear there has been much support for Mere Carnival at a meeting recently at The Walnut Inn, Mere. Up to that meeting it had been uncertain if the Mere

Carnival would continue. Partly because of the above, I have been looking at some Mere Carnival programmes from the 1980s. Some of you might like to try and remember where some of the following business were. The adverts showed R & M Cockram, Timothy J Thick, Muriels, Paulines, LV & CH Smith Ltd., Arrow Foodmarket, S. Cullingford Carpets, Magpie Granary, W A Norris Electrics, Vogue, Burann House Stores, North Street Nurseries, The Mere Practice, The Old Ship Hotel, Castle Hill Service Station and Treasure Trove. Also in business were F. J. Deverill & Son and L.C. Hill & Son, builders - all of which have closed and become housing or have reduced services in the same premises.

With rainfall the worst since the 1700s, I am told that parts of Wiltshire have taken up much time of the road works crews. It may seem hard to believe pothole gangs have been at work, however it appears to be a losing battle. I am being told with extra funding we shall see the start of resurfacing in some areas, not just pot holes being filled. Furthermore, after five years, all the worst affected roads will have been resurfaced - we shall see! Some areas that are very rural need urgent attention, such as Fordswater at Zeals, Limpers Hill in Mere and the more used roads like the B3095 junction at The Quarry Field Industrial Estate at Mere. These are just examples of the many complaints regarding roads I receive.

A residence Saltbox has been provided at Lynch close as an extra supply of salt. This will be locked and two local able-bodied persons will voluntarily spread the salt when required. This saltbox has been provided for by a local donation.

Cabinet have awarded themselves allowances over 20%, and when the subject was raised at Full Council again, the Full Council meeting decided not to modify or stop the original decision. The leader has not taken the increase in her allowance, and I gave my increase back to the community in the form of snow shovels. I was indirectly criticised for this at Full Council, so I decided to have my 1% increase stopped for the remainder of this year, and I have voted against the above increases on both occasions.

The Inspector for The Wiltshire Core Strategy has told Wiltshire Council that we are short in our assessment of housing requirements by some 5,000 dwellings. We know that many need housing locally and the price continues to climb. Amongst the many charges put on new houses, another may apply. At a Southern Area Planning Meeting it appears the Wiltshire core strategy may allow for Fire and Rescue contributions, which I am sure are required, however I consider these charges on housing continue to fuel the rising cost of housing to the detriment of local people. I have been to Cabinet with the support of a fellow Councillor, Tony Deane, to try and get The Cabinet to accept that the

rural environment should be “taxed on new housing” less than urban areas, especially for housing for local people. The consultation is on the Wiltshire Council’s web site and covers many topics. Look out for the above.

The proposal to remove the traffic signs when accessing or exiting the junction at Stourton with the B3092 by replacing the two sets of traffic signs with just one has moved a step closer. Further design drawings have been provided by Wiltshire Council, which I will discuss with Stourton Parish Council.

I am helping Mere Parish Council to achieve a skate park. Now that we have planning permission, the project is now going ahead. I must thank Lindsey Wood, the Mere Parish Council Clerk, who has spent many tens of hours on this project. It has been five years since I was requested by many to provide the facility, and I started to make much effort to achieve a skate park for Mere.

Connect 2 Wiltshire’s Mere & District Taxibuzz covers Mere and all villages around from Zeals, Kilmington to Hindon and beyond. It is a door-to-door service. You can book a journey between 9.00am and 3.00pm Monday to Friday, but note that concessionary bus pass holders will be charged 50p for a single journey within Mere or £1 for a single journey outside Mere.

I am proposing that Poppy Seeds are put in the flower tubs around the town of Mere as part of The World War 1 commemorations. The Mere Chamber of Trade has offered to finance the seeds and/or plants. Clive Hazzard of North Street Nurseries will plant them. The site of Jubilee Gardens was suggested by the Mere Gardening Club and I am hoping The Mere Parish Council will agree to this. Jenny Wilding on behalf of The Mere Historical Society and Museum is working towards further commemorations.

With a government grant reduction of £22m over the next four years, service pressures and inflationary costs around £100m, realignment is planned of £100 million to deliver service priorities. This coming financial year will see further impacts on services. For Mere one of the affects will be the impact on our Youth Development Centre (Youth Club). Consultation for 10 weeks from the beginning of February is underway, please enter into the consultation. I have been accepted on to a task group re Positive Leisure Time Activities for Young People, which is all that Wiltshire Council has to address by statute.

The Old Police Station, Wilton Road, Salisbury, was given permission to become a University Technical College (UTC) by the Southern Planning Committee on which I sit. It caters for 14 to 18 year olds and will be an asset to the whole area.

## **WORK ON SKATE PARK HAS BEGUN**

Work on the skatepark in the Mere Recreation Ground has begun. This is a major project for Mere and one that has been requested

time and time again by the youth of the town – since 2001 in fact. Finally, we have been able to secure all the permissions and the funding in order to proceed with the project. The construction is likely to take about 9 weeks and the delivery vehicles will be accessing the site via Duchy Manor.

Our chosen provider is Maverick Industries (see [www.maverickindustries.co.uk](http://www.maverickindustries.co.uk)) who are based nearby in Poole, Dorset. They have extensive experience and have installed skateparks in Stroud, Dorchester, Glastonbury, Nottingham, Bradford, Midsomer

Norton, Paignton & Haverfordwest. The design and construction of the skatepark facility will be fully compliant with the latest British and European safety guidelines.

Whilst the skatepark is primarily designed for skateboarding, it will also be suitable for other wheeled sports such as inline skating, scooters and BMX riding. There is no age restriction on users, and the skatepark design provides features for a range of abilities: sections have been included to appeal to younger skaters while other features will cater for the more experienced skater.

£20,000 of the funding has been provided by The Hills Group Limited which was made available through the Landfill Communities Fund (LCF) which is administered for Hills by Community First, the Rural Community Council for Wiltshire. A grant of £18,389 has been awarded by Wiltshire Council's South West Wiltshire Area Board and the remaining funding has been met by Developers Contributions and the Parish Council as Trustees of the Mere Peace Memorial Sports & Recreation Ground Charity.

## **Social Well Being**

As medical science has developed, levels of disability among older members of the population has reduced, life expectancy has extended, and coupled with the decline in birth rates has resulted in an aging population.

Often elderly people withdraw from social activities and relationships because their health concerns prevent them from driving or being as active as they used to be. Many elderly people do not want to be a "burden" by asking for help, so it is important to others to offer help and support. Sometimes all it takes to help a person stay connected is someone to drive them to their activity.

Care and support in a community is essential for everyone but, for various reasons, some elderly people become socially isolated. Studies have shown that prolonged social isolation results in both physical and mental deterioration. This may include exaggerated reactions to physical illnesses or pain, or a decrease in the ability to adapt to changes in life.

Consider the effects of ageing both physically with the resulting loss of ability, and in some cases mental deterioration, add to this friends and family who do not understand the emotional turmoil caused by the changes you are experiencing. The result can be increasing levels of social isolation.

## **Social isolation refers to the lack of meaningful social relationships and connections.**

Amongst the elderly it is a significant issue. Isolation and loneliness among older people can lead to health problems and are a drain on our medical services both GP's and Hospitals.

Reasons for this isolation can often be of the person's own choosing. It may be avoiding feelings of guilt for holding others back, or feelings that you have failed to meet someone's expectations of you. Isolation can be far easier than asking for help and also by staying away from people, you don't have to feel different.

Reasons for Social Isolation can be broken down into 4 main areas: **Health, Personal, Family and Environment.**

Do you feel alone and are not sure how to go about reintroducing yourself to society. It is hard. Once you break off friendships or stop going out those first steps are difficult.

## **Some Easy first steps**

### **1. Try contacting relatives or friends with whom you have lost touch.**

If you are house bound then maintain contact by phone or skype. If there is worry about disturbing others, simply ask for the most convenient time for calling. Make phone calls to adult children, ie those not living at home, while they are free (e.g. night time or weekends), avoiding times when they are busy (e.g. lunchtime or office hours).

### **2 Join Activities/ Social Groups**

Joining activities arranged by nearby social groups is a means of expanding social circles. These activities can help develop interests and hobbies, and a way to meet new friends. N.B. It takes time to become accepted so persevere.

### **3. Elderly people with Chronic Illnesses and Carers**

Elderly people with chronic illnesses can join patient self-help groups. It is easier to face illness in the company of other sufferers by sharing experiences and feelings. Alternatively, by simplifying or rearrangement of housework, or making use of respite services carers, can spare time to participate in social activities, which can help to reduce stress.

Isolation makes life difficult. Keep in touch with others. Be happy and be healthy.

We have had 3 reports of sheep on the road, near a dangerous bend on the B3095, Mere to Gillingham road, this is causing issues to motorists on that road. We have spoken to the farmer. Remember this when you are driving, **YOU NEVER KNOW WHAT IS AROUND THAT NEXT CORNER!** PLEASE DRIVE ACCORDINGLY.

**A Theft of Metal** occurred at Sedgehill, and luckily the owner of the metal saw the offending vehicle and called the police. The two males, both known to us, were arrested in possession of the metal, and are currently being dealt with. Thank you to the eagle eyed owner, who gave us the nod.

**A Burnt out Caravan** was located on fire in the Motcombe Road off of the A350 near Semley. We suspect that someone dumped it and set light to it. Highways have removed the offending vehicle.

## WEATHER REPORT

January was certainly a wet month. We had 252mms (9.82ins). Last year it was 111mms (4.37ins). This is over a quarter of the total rainfall we had last year - 908mms (35.75ins). We had a small thunder storm on the 2nd and plenty of frost.

February started as wet as January with 116mms (4.57ins) of rain up to the 17th. Thankfully we have not had the flooding problems faced by so many of our neighbours.

## WHAT CRICKETS?

'Aren't the crickets loud this evening' said my wife, on holiday in France. 'What crickets' I asked? That was my first realisation of hearing impairment. Years later, I now use a hearing aid and am learning to lip-read here in Mere.

Ten million people in the UK have impaired hearing. It's a hidden disability. A few people are born deaf; others develop hearing loss because of ageing, accidents, or noisy environments including listening to very loud music. Hearing loss can be isolating socially if you cannot follow a film soundtrack, a play, a public meeting, or simply a group of friends at the pub.

If you are amongst the ten million, do please come along to the lip-reading group in Mere and learn how to help yourself. You can learn not only lip reading skills, but also about technical aids to hearing and how fully hearing people can help – such as by facing you and speaking clearly without shouting.

We are a friendly group meeting at the Grove Building on Tuesdays from 10.15am to 12.15pm with a break for tea/coffee. The first session is free, thereafter £3 a session, £30 per term. Our sessions are entertaining with topics of general interest that our tutors introduce for lip-reading practice. Do come along and give us a try on Tuesday, 4th March or any Tuesday up to our Easter break (last session on Tuesday, 8th April). # GREAT BRITISH FISH AND CHIP SUPPER

*Hold a Fish and Chip Supper on Friday, 16th May 2014 to help spinal cord injured people rebuild their lives after injury.*

Want to eat Fish and Chips, while raising money for charity? Hold a fish and chip supper on Friday, 16th May 2014 whilst raising awareness of spinal cord injury and supporting the Spinal Injuries Association's (SIA) vital services.

You can hold a fish and chip supper in your own home, at work or hold a larger supper at your local community centre.

SIA will provide a fundraising pack containing hints and tips, recipes, invitations and donation envelopes. By inviting 8 friends and asking them to donate an additional £5.00 means you will raise at least £40.00 from your supper, but we will also give you additional fundraising ideas to raise even more money for SIA.

In 2014 SIA is celebrating its 40th anniversary and so we want to make the batter matter and raise £25,000 from everyone holding suppers. Last year we raised £12,500 from the suppers.

The money raised from the suppers will help the SIA offer support to individuals who become paralysed and their families, from the moment a spinal injury occurs, and for the rest of their lives by providing services and publications which enable and encourage paralysed people to rebuild lives after spinal cord injury.

Every year in the UK over 1,000 people experience a spinal cord injury and there are an estimated 40,000 spinal cord injured people in the UK alone.

The SIA says: "The Fish and Chip Supper is a wonderful opportunity for a great evening with friends and family. We are also encouraging people who work to hold a Fish and Chip Lunch in their work places to raise even more funds. You may be even a local community group wanting to run a fun evening with your group".

## CLEANING WITH MEANING:

Did you know that Palm Oil is one of the world's most traded products and is found in so many every day items from foods, packaging, and cleaning products to toothpaste. Most of the oil is produced on huge plantations damaging the environment as large areas of forest are cleared. Traidcraft is always pioneering new products to meet Fair Trade standards and help support the most vulnerable communities and small producers, and this Spring they are launching a cleaning range using Fairly Traded palm oil from small producers in Ghana.

So why not consider buying one of their new products and begin to do your 'cleaning with meaning'. (You can buy these from the Fair Trade stalls: on the third weekend of each month at the URC Saturday "Drop in Coffee morning", after the morning service on the third Sunday in the month at St Michael's church, or from me at any time.)

## **WHERE ARE YOU?**

### **PROJECT SUNRISE–MERE NEEDS YOU!**

**You** are a one or two person business, possibly part-time, with or without dedicated premises. You may be serving the local Mere and District community, or possibly the whole world by internet. You may provide a service, or make things. Running a business of that sort can be lonely. Discussing problems or ideas, recovering from failures, or funding unexpected expansion can be difficult within a family or with those who are closely associated with the business.

That is where Mere and District Chamber of Trade can help. We provide opportunities to meet businesses which have similar problems to your own; we provide training courses either directly or through other providers; we have access to business, marketing, and financial advice.

All of that comes with Associate Membership of the Chamber for just £35 per year. Can you afford to ignore this opportunity? For larger companies the annual subscription is £55.

We are able to offer this support through the funding we are receiving from SWWAB, the South West Wiltshire Area Board, whose aim through Project Sunrise-Mere is to stimulate trade and tourism in the area.

Through local and personal contacts and recommendations, we have managed to track down some of you, but we need to hear directly from those we haven't identified. **PLEASE DO GET IN TOUCH even if you don't wish to join.** We would still like to hear of your existence. In return we are offering free mention on the new M&DCOT website which is currently being designed. We would like to have as complete a picture as possible of business activities in the area.

The website at: **[www.projectsunrise-mere.org.uk](http://www.projectsunrise-mere.org.uk)** carries further information on the projects.

## MERE AMATEUR DRAMATIC SOCIETY

If you should happen to hear members of MADS muttering to themselves in unaccustomed Welsh accents, fear not. They are simply practising their lines for their Spring Production of Dylan Thomas's *Under Milk Wood* (originally for 69 voices!). Please see the poster below. Dylan Thomas was born in 1914 and so our production is a centenary commemoration. Performances will take place on **Thursday – Saturday, 20th - 22nd March**, beginning at 7.30 p.m. and tickets, on sale NOW, are £6 each.

## MERE FILM SHOWS

Our film on Friday, 14th March needs little introduction due to all the publicity since it opened three months ago. It is the much acclaimed 'Philomena' (15), starring Judi Dench and Steve Coogan, and for which Judi Dench has both BAFTA and Oscar nominations.

When former journalist Martin Sixsmith is dismissed from the Labour Party in disgrace, he is at a loss as to what do. That changes when a young Irish woman approaches him about a story of her mother, Philomena, who had her son taken away when she was a teenage inmate of a Catholic convent. Martin arranges a magazine assignment about

her search for him that eventually leads to America. Along the way, Martin and Philomena discover as much about each other as about her son's fate. Furthermore, both find their basic beliefs challenged. Full details on page 28.

Our ticket price has remained at £5.00 for the last nearly six years, one of the lowest in Moviola venues. Unfortunately, owing to some restructuring of charges within the Moviola organisation we will have to raise our ticket price to £6.00 to take effect with our April film. However, with many excellent films to come, I hope you will feel this is still good value and continue to support the Film Shows.

**Dates for your diary:** Thursday, 10th April: 'Saving Mr. Banks' with Emma Thompson and Tom Hanks. *Mary White* ☎ 01747 861257

## **CAN YOU HELP MY CHARITY QUEST?**

I am about to embark on making a couple of charity items for the following causes:

- 1) **Linus quilts:** this is to make a home-made quilt to provide comfort to sick and traumatised babies, children and teenagers.
- 2) **'Bead for Courage' bags:** This is for children, who are undergoing cancer treatment: they each receive a bead for every treatment they have, either to make into jewellery or just to keep to remind them of how far they have come, and the bags are made for them to keep them in.

Whilst I have the majority of the fabric, I need some fabric suitable for children, and wondered whether any of our readers have any remnants of child suitable fabric that they wish to donate for this brilliant cause?

I need several pieces that measure 6½" square of child patterned material for the completion of the linus quilts and 9" x 12" (each side) pieces for the bags.

Many thanks. I am at: Easter Cottage, North Road, Mere, BA12 6HP

## WOMENS INSTITUTE

Last month we were treated to an extremely interesting talk about the Galapagos Islands by Hilary and Mike Gladding. We saw many photographs of the incredibly diverse and exotic animals on these volcanic islands, among them the Sally Lightfoot Crabs, Blue Footed Boobies, Frigate Birds, Marine and Land Iguanas and of course the Giant Tortoise. We heard how thousands of these tortoises were captured and kept on board whale ships as a means of providing fresh protein. This practise nearly brought about their extinction.

Each island in the Galapagos has it's own uniquely marked species, and we saw how they are now being hatched and reared and returned to their own specific island. Mike also briefly touched on how Charles Darwin's study of finches on the islands led ultimately to his theory of evolution. Mike's enthusiasm for his subject was clearly evident throughout his talk.

Our next meeting is at 7.30pm on Thursday, 6th March in the Grove Building. It will be our Annual General Meeting, the business meeting of the year when we elect the new committee and receive reports from the Treasurer, Secretary and President. Please come and join us at the start of our year, you would be very welcome.

## **MERE CROQUET AND BOULE CLUB**

On 15th February we held our annual ‘Between Seasons Get Together’ at The Home Guard Club in Kilmington. This was very well attended and proved to be a really enjoyable evening, very much enhanced by the Skittles Match played.

Work has commenced on the lawn, which has suffered rather badly, both through the recent dreadful weather and the inclement variety that preceded it. Experts have been engaged, their work involves the treatment of moss, invasive weeds and then reseeding in readiness for the coming season which commences on Saturday, 5th April. This will be the customary, everyone welcome, Open Day with a glass of wine and nibbles on offer.

Our AGM this year will be held on Wednesday, 26th March commencing at 7.30pm. The venue, as previously, is The Andy Young Pavilion in Duchy Manor School Grounds.

# ***YELLOW CLASS REPORTS***

## **Yellow Class**

We have been thinking about animals this term. We looked at “Handa’s Surprise”, which is set in Africa. We tasted the different fruits that Handa took to her friend. “The pineapple was juicy” said Hailie and “the avocado was mushy!” said Charlie. We have been doing a lot of work on adjectives – describing the different animals that Handa saw. We also wrote some riddles about these animals. In PE we did a Penguin and Polar Bear dance. “We had to waddle as a penguin and move slowly as a Polar Bear” said Lily. We were videoed on the ipad and then watched ourselves so we could see how we could improve our performance!

## **Out and About**

Blue Class have been learning about “People who help us” this term and have been on a visit to the Doctors and the Dentist. “I liked listening to the heart” said Philip and “I liked wearing the oxygen mask” said Hugo. The vet has also been in to visit the children and they asked lots of questions about how to look after pets.

## **Silver Class**

Silver Class have been learning about Super Heroes. “Florence Nightingale was a hero” said Ona. They have been researching about her life and then made a presentation on the computer.

## **Purple Class**

Purple Class are learning about the Aztecs. They have been working on Aztec houses, called Chinampa, for a project. “We all tried Chilli Chocolate and it was yummy!” The children are also making Aztec masks and doing Aztec art.

## **Book Day**

World Book Day on Thursday, 6th March is going to be really exciting for us! Our teacher, Mrs Smith, has her first book published today! So we will all be celebrating the day by dressing up as our favourite book character, reading lots of books and enjoying a huge variety of book related activities.

## MERE BOWLS CLUB

A new bowls season dawns. Over the winter months the Club has bought and installed new changing rooms for both men and lady bowlers, this was made possible with the aid of a grant of £1,500 from the South West Wiltshire Area Board Scheme. It is hoped that these added facilities will help the Club in attracting new members in this and future seasons.

The Club continues to grow in both numbers and skill levels. We will need both in the coming season as we are now entered in two separate leagues; the Westbrook League, which is based on clubs to the east of Mere, and the Wessex League, which is against clubs that are mainly located south and west of the town. It may be a challenge for our Club Captain, Karen Guy, to find players to fulfil all our commitments.

The Club will be hosting an Open Day on Sunday, 4th May, the ideal time for any reader wishing to learn the finer arts of bowling, maybe just want to try it or just sit and have a cup of tea and a chat.

The green is located just inside the school grounds opposite the dental surgery. All you require to bring is a pair of flat shoes and the Club will do the rest. Should the 4th May not be convenient, the Club opens on Saturday, 19th April at 3.00pm, just turn up.

For any information regarding the club or the sport of Bowls please contact Alan Inwood ☎ 01985 844215, Jeff Vigars ☎ 01747-860976, ✉ [jeffcarolvigars@hotmail.co.uk](mailto:jeffcarolvigars@hotmail.co.uk), or me, Don Butchers ✉ [don.butchers@btinternet.com](mailto:don.butchers@btinternet.com)

## **REV'D CAROL WILSON-BARKER, PRIEST-IN-CHARGE, ST MICHAELS CHURCH, WRITES:**

The recent very severe weather has hit this country hard, with scenes reminiscent of Bangladesh in comfortable London suburbs creating shock and dismay. No more a comfortable commute into London for the 9-5 job but instead anxiety about dropping the children somewhere to be literally ferried to school. The experience of flooding is such that it may take 6 months or so, and the anxiety and extended disruption will hit people hard. One of the positive things to come out of this has been to see communities pulling together to support one another which is great. People sometimes say to me "we are helpful to others, why do we need God?"

When Jesus was teaching about faith he simply came down to love God and to love your neighbour. Love God with all your heart, all your soul, all your mind and all your strength comes first. Jesus asked us to put that thought and action before anything else; he was well aware of the human mind's ability to confuse and bend things to suit our own ends. The sort of argument that says "it would be kinder to put mother in a home" – when mother really wants to stay at home and it is more a matter of our convenience.

When we truly commit ourselves to God's guidance and his will, we are ready to "Love our neighbour as ourselves" with an open mind. This seeking out God's will can help to mitigate against the "baggage" we bring into situations: ulterior motives, lifestyle, culture and income standards. They become less of an issue as we seek to find out and do what is *truly* best for our neighbour.

So as we come to Lent don't *give up* something but rather *start* Lent with an intention to love God and seek His will for our communities as we also promise to serve each other.

With Love in Christ

## **LONG HILL, CASTLE HILL & GOATS**

The Parish Council is now working on Year 3 of the "Higher Level Stewardship Scheme", which means that we are carrying out scrub clearance work on Area 2 that needs to be done before the end of February.

Unfortunately, due to the lack of nice juicy grazing material, the goats had started stripping the bark from the trees on Long Hill. Initially this wasn't too worrying as they were only stripping the young saplings but they then started eating the bark off some of the trees that we want to retain so we were forced to ask Mr. Horn to find them a new home for the time being.

The goats have been doing a marvellous job of keeping back the scrub, ivy and nettles and we are hoping that they will come back to Long Hill in late spring/early summer. Indeed, we hope to try and experiment this summer: we hope to have the goats back on the hill but to enclose them in Area 2 using electric fencing (apparently this has been used elsewhere with great success).

If this is successful, we would like to try grazing the goats on sections of Castle Hill (subject to the necessary permissions from English Heritage/Natural England etc) as we feel it would be of beneficial to the management of Castle Hill, particularly the north side.
